

Marketing and Lead Gen

There is a lot of competition where I live. Do you recommend I go door knocking to people who are in foreclosure?

Door knocking works, but its very time consuming. If you use a system of only door knocking houses with equity, then you stand a better chance of not getting a bunch of upside down houses. Can you afford bandit signs? You can also call Craigslist sellers, or landlords on SocialServe to find burned out ones that want to sell.
